

WATER GUN

(Hand spray for pure water)

Water Gun is designed for pure water spray. This material is all resin. Weight is light, it is easy to use and can use in long time works.

High chemical compatibility and less metallic elution. It is not including filter. We prepare four kinds of nozzles. (Two type is option parts)

Features

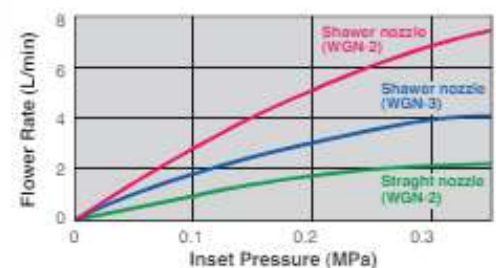

Benefits

Precision cleaning product (All resin type)	No elution of the metal ion and no problem of rust
Wide choice of nozzle forms	The injection configuration of hope can be selected (Option)
Ergonomical design	Easy to use
All resin	Light weight

Specifications

Product code	WGN-1	WGN-2	WGN-3	HOSE-WP-1
Product name	Water Gun	Water Gun with blade hose	Water Gun with anti-bacterial growth function	Coil hose
Operating Temperature	5°C~40°C			
Max Operating Pressure	0.4MPa			
Fluid	Pure Water only			
Weight	100g	600g	670g	220g
Other Specification		Blade hose: 4m (OD13.5mm/ID 8mm)	Blade hose: 4m (OD13.5mm/ID 8mm) Inner tube: 7.1m (OD 3mm/ID 2mm)	Fitting 1/4PT

Flow Characteristics

Applications

Concrete Example

- Production line on display
- Semiconductor and various manufacturing
- Pure water supply machine

- Spray rinse for wet benches and work processing stations
- Print boards
- Chemical and analytical equipment
- Spray rinse in medical service

Product Code

Main gun unit	Product code	Contents
Water gun 	WGN-1	Gun body Straight nozzle Shower nozzle Hose nipple
Water gun with Blade hose 	WGN-2	Gun body Straight nozzle Shower nozzle Blade hose and fitting
Water gun with anti-bacterial growth function 	WGN-3	Gun body Straight nozzle Shower nozzle Blade hose and fitting Tee and Inner tube

Option	Product code	Contents
Coil hose 	HOSE-WP-1	Coil hose (Polyolefin) Fitting (R1/4 x 2pcs)
Blade hose fitting 	WGN-J1/4	Fitting R1/4
	WGN-J3/8	Fitting R3/8
	WGN-J1/2	Fitting R1/2
Flat nozzle 	WGN-VJ-14	Flat nozzle
Full cone nozzle 	WGN-FJ-14	Full cone nozzle

Order example

- Case1: Connection with a hose that you have. **WGN-1+your hose +your connector**
- Case2: Connection with femoral screw of Rc1/4 **WGN-2+WGN-J1/4**
- Case3: Connection with coil hose **WGN-1+HOSE-WP-1**

Dimensions

WGN-1

WGN-2

WGN-3

HOSE-WP-1

Remove hose nipple from WGN-1 and connect this coil hose to the female screw port.

OPTION

Materials

1 Body	Polypropylene	7 Blade hose	PVC	13 Coil hose	Polyolefin
2 Trigger	Polypropylene	8 Blade hose fitting	Polypropylene	14 Hose connector	Polypropylene
3 Shower nozzle	Polypropylene	9 Tee	Polypropylene/FKM	15 Nut	Polypropylene
4 Straight nozzle	Polypropylene	10 Inner tube	PFA	16 Sleeve	Polypropylene
5 Hose nipple	Polypropylene	11 Flat nozzle	Polypropylene/PVDF		
6 O-ring	Fluoro rubber	12 Full cone nozzle	Polypropylene/PVDF
